

Wendy Shipley

I am writing to express my repulsion for Project Jupiter, which I believe offers significant damage to water and environmental issues for our community.

Project Jupiter is poised to bring subpar and taxpayer subsidized economic growth to Doña Ana County. It proposes to create 4,000 construction jobs and 1,500 project-supported jobs. Furthermore, Project Jupiter has professed to provide \$50 million to help repair, upgrade, and improve local water systems; \$360 million in direct support for schools, infrastructure, and local services; and \$6.9 million to fund workforce development initiatives along with supporting the Boys and Girls Club of Las Cruces, clean drinking water, the local community college, and habitat restoration.

These same lies have been told to multiple communities, and we do not believe the propaganda. I urge the New Mexico Environment Department to deny this disastrous project.

Sincerely,
Wendy Shipley
