

Lark Sundsmo

This is unconstitutional and a violation of our first amendment rights. The very first right is the pursuit of life and this is poisoning us, the second is liberty and this is a prison of our spiritual rights to our land our attention our society without someone monetizing for their own profit from our very existence, and the third is justice. In principle it is at its foundation the requirement that there is balance and fairness amongst its communities. Citizens United does not usurp our god given rights allowing a corporation more authority over any other citizen. This is our cease and desists.

"The public should be given an additional 60 days to review and comment on the air quality permit so community members can participate equitably.

The air quality permit application should be denied outright given Bloom Energy's history of illegal dumping hazardous waste. Approving this permit would be government-sponsored environmental racism directed at residents of Doña Ana County.

If the permit is not denied outright, a public hearing needs to be held in Santa Teresa, in both English and Spanish, with an option to participate virtually."
