

3/30/23

Gregory Corning

I strongly support the New Mexico Environment Department's provisions to add to the WIPP agreement (see "NMED PROPOSED CHANGES IN DRAFT PERMIT" at [https://hwbdocuments.env.nm.gov/Waste Isolation Pilot Plant/221220.pdf?sourceid=1017527&emci=2ca047dd-3ac8-ed11-a8e0-00224832e811&emdi=934d990c-75cd-ed11-a8e0-00224832e811&ceid=813506](https://hwbdocuments.env.nm.gov/Waste%20Isolation%20Pilot%20Plant/221220.pdf?sourceid=1017527&emci=2ca047dd-3ac8-ed11-a8e0-00224832e811&emdi=934d990c-75cd-ed11-a8e0-00224832e811&ceid=813506))

We do need to ensure that all advisories, documents, announcements, and so on that pertain to WIPP operations and permitting are presented in Spanish as well as in English.

Thank you.

9/16/23

Gregory Corning

I have read about changes to the renewed WIPP operating permit which were worked out among New Mexico Environment Department (NMED), various non-government organizations, and the U.S. Department of Energy.

I strongly support the changes. I urge the NMED to diligently enforce the requirements and limitations in the renewed operating agreement.

Thank you.

Gregory Corning

President of Santa Fe chapter of Veterans For Peace

I don't support WIPP's expansion
and the change of its mission
to be a partner in a new
nuclear arms race.

WIPP should retain its
original mission to
cleanup pre-1999 nuclear waste.

Please sign, add your address and any
comments you wish, add 51c postage,
and mail this postcard before 9/22.

or

go to StopForeverWIPP.org and sign
our **Open Letter** to the Governor and
the Secretary of the Environment Dept.

Let's hold WIPP to the
original mission - receive
legacy waste only.
