To Whom It May Concern,

I am writing to express my support for your proposed regulations for nuclear waste storage and requirement that the state receive a report each year on the federal government's efforts to find a permanent repository in another state.

I specifically support the required automatic permit revocation if Congress changes the law increasing the disposal limit of 6.2 million cubic feet of storage. And I support the quarterly public forums that provide notice and allow for ample opportunity for public engagement on Permit and non-Permit related issues

Thank you,
