

Lisa Craven

I am a long-time resident of Sugar Land, and I have noticed air quality in Texas getting worse each year. I am especially concerned about the 178 premature deaths a year caused by the Parish Coal Plant right in our neighborhood.

I urge TCEQ to implement the most stringent possible plan to bring the Houston-Galveston-Brazoria (HGB) area back into attainment for ozone pollution in accordance with the 2008 National Ambient Air Quality Standards as required by the Clean Air Act.
