

Richard Wayne

Dear TCEQ,

My name is Richard Wayne, I live in Leander, TX, and I am a constituent of Senator I strongly support implementing the EPA's methane reduction directive to its fullest extent, ensuring strict compliance with 40 CFR Part 60, Subpart OOOOc. Methane is a potent greenhouse gas, and cutting emissions is critical to addressing the climate crisis. I urge TCEQ to adopt ambitious and transparent standards that prioritize environmental health, protect vulnerable communities near oil and gas facilities, and align with Texas's responsibility to combat climate change.

Sincerely,
Richard Wayne
