

Bill Hurley

Dear TCEQ,

My name is Bill Hurley, I live in San Antonio, TX, and I am a constituent of Senator Jose Menendez, SD26 and Representative Diego Bernal, HD123. I am also a volunteer with the non-partisan non-profit organization Citizens Climate Lobby. Thank you for this opportunity to submit comments regarding proposed rule project number 2024-027-113-AI.

I strongly support implementing the EPA's methane reduction directive to its fullest extent, ensuring strict compliance with 40 CFR Part 60, Subpart OOOOc. I firmly believe that Nuclear is the way to go (perhaps New Nuclear).

Methane is a potent greenhouse gas, and cutting emissions is critical to addressing the climate crisis. I urge TCEQ to adopt ambitious and transparent standards that prioritize environmental health, protect vulnerable communities near oil and gas facilities, and align with Texas's responsibility to combat climate change.

Sincerely,
Bill Hurley
