

## Gina Biekman

Regarding section 185 Fee for the 2008 Ozone NAAQS - RPN 2023-131-101-AI: I OPPOSE this proposal to use the fees we pay as individual motor vehicle drivers to reduce the fees that refineries owe for exceeding the limits of pollution set out by Congress in the CLEAN AIR ACT. It should be the responsibility of the industry to pay fines for their dirty business not the taxpayers or motorists of Texas. The industry should not have a free pass to pollute our air and contribute to cancers, heart and lung diseases.
