Dear Arizona Department of Environmental Quality,

I'm writing to urge you to deny South32's Hermosa permit (#AZ0026387) for discharge of mine water into Harshaw and Alum creeks. This will damage the aquifer as well as the quality of the surface water, surrounding streams, land, and communities.

For these reasons, I urge you and the Arizona Department of Environmental Quality to deny the permit for this project.

Sincerely,

David B. Rossetter
