Spray Days is a good beginning, however, it doesn't fully notifies potential victims of pesticide drift or exposure. It needs to have exact location

Furthermore, this system, if not properly brought to the community, it won't help the potential victims if they do not have access to a computer or a phone.

Statewide Notification of Agricultural Use of Restricted Materials (DPR Regulation No. 23-003)

Notificación a Nivel Estatal sobre el Uso Agrícola de Pesticidas Restringidos (Reglamentación No. 23-003 del DPR)
