

Postcards Anonymous

Name: Alexandria Vazquez

I want the exact location we want healthy babies, better health for our community, families, children, grandparents. Stop pesticides we want exact location.

Name: Danny Galbiso

I want the exact location Orosi town and across the road from palm school elementary

Name: Irma Arredondo

I want the exact location Because I do not want more children born with missing limbs. The pesticide is very harm to our children & elderly people & all communities in the whole San Joaquin Valley I lived that horrible time when we the farmworkers were worked not even a penny to the ranchers and companies and still those kind of pesticide abuse, but we will still lifting our voices

Name: Maria Fraire

I want the exact location

Name: Jocelyne Villegas

I want the exact location Because its to protect everybody Healthy Adults teens and little children including new born babies and babies still in the womb. That's the Reason why we want the Exact Location so we can know when and where. Those harsh chemicals are dangerous for all of us Its harming our health and the air we breath outside therefore we want the Exact location.

Name: Emmanuel

I want the exact location For my family so they could be safe.

Name: Gloria Herrera

I want the exact location iT is sTill missing the most essenTial InformaTion that would help us thake precautions against pesticides harms! We want Notification Now! sTop making people get cancer, asma respiratory problems! Don't make money ove peoples health

Name: Jazmin Castellanos

STOP THE SECRECY I want the exact location For me is important to know the exact location of pesticide spray is because I have Astma and if I know if pesticide is being sprayed close to where I live or I'm going to be working I have time to prepare myself to be safe and not to have a crisis of asthma and to have my air purifier working inside my house. Or not to be outise. Not only the restricted materials all the pesticides notification
