

East Orange County Water District (David Youngblood)

Local agencies like ours continue to do our part in achieving the State's climate and emissions goals. Our proposed amendments will enable us to better meet this challenge and effectively navigate the current Advanced Clean Fleets (ACF) mandates and their associated ambitious compliance deadlines. Of critical concern to our community, the ACF mandates on local agencies are creating unnecessary challenges in complying while maintaining the many critical services Californians rely upon for their most essential daily needs as well as during emergencies and disasters.

Vehicles that that need to be categorically exempted from the regulations the same manner as those found in part (c) of § 2013 of title 13 of the California code of regulations to include those vehicles that respond to, assist in and recover from disasters and emergencies to include: water utility vehicles, flood protection vehicles, sewer utility vehicles, electric utility vehicles, fire prevention vehicles, fire protection vehicles, search and rescue vehicles, and disease and vector control vehicles.

We respectfully request that you amend the ACF exemptions to allow our vehicles that support emergency services to continue serving our communities when we need them most.
