

Isabella Taylor

Whitefish Lake is a valuable natural resource that supports recreation and wildlife. Any development near the shoreline should prioritize water quality and habitat protection.

Services and Facilities

Check the park website www.nps.gov/yell or newspaper for seasonal dates of services and facilities.

Accessibility Guide

Entrance stations and visitor centers offer a free guide, *Accessibility in Yellowstone*, describing wheelchair-negotiable facilities.

This is a detailed map of Yellowstone National Park, showing its extensive road network, trails, and various visitor facilities. The map includes major roads like Highway 89, 191, 20, 287, and 121, as well as numerous trails and boardwalks. Key visitor centers and museums are marked, including the Albright Visitor Center at Mammoth Hot Springs, the Norris Museum and Information Station, the Canyon Village Visitor Education Center, the Fishing Bridge Museum and Visitor Center, the West Thumb Information Station, and the Old Faithful Visitor Education Center. The map also shows the locations of several geysers, including Old Faithful, Grand Prismatic Spring, and the Norris Geyser Basin. Other notable features include the Yellowstone Lake, Shoshone Lake, and the various mountain ranges and plateaus within the park. The map is color-coded to show different types of terrain and vegetation, and it includes a scale bar and a north arrow.

Visiting Yellowstone National Park

Road construction is underway on park roadways. Check the park newspaper, visit www.nps.gov/yell, or phone 307-344-2117 for delays or closures.

Speed Limit

45 mph unless otherwise posted. Please drive slowly and cautiously to protect yourself and wildlife.

Winter Road Closures

From early November to mid-April most park roads are closed. The exception is the road between Gardiner and Cooke City. It is open all year.

From mid-December to mid-March, oversnow vehicles may be used only on the unplowed, groomed park roads. Call park headquarters for regulations or check the park website, www.nps.gov/yell.

Unpaved road

Distance indicator

One-way road

Geothermal feature

Trail or boardwalk

Day-use hiking/bicycling trail (ask for more information)

Boating

Permits are required for all watercraft; ask at ranger stations. Areas closed to watercraft include all rivers except Lewis River between Lewis and Shoshone lakes.

Boating allowed

5 mph zone

Hand-propelled craft only

Fishing

A Yellowstone National Park fishing permit is required. State permits are not valid in the park and state regulations do not apply.

Backcountry Use

Get trail maps and permits, required for backcountry camping, at most ranger stations. Do not use this map for backcountry hiking. There are almost 1,000 miles of trails.

Firearms

You are responsible for knowing and following federal and state (WY, MT, ID) laws that govern firearms and weapons within the park. Find information at www.nps.gov/yell.

Accessibility

We strive to make facilities, services, and programs accessible to all. Service animals are allowed but require a permit in the backcountry. Find information at visitor centers and on our website.
